EDUCATION

The University of Texas at El Paso (UTEP)

El Paso, TX

B.S. Computer Science | Minor: Mathematics | GPA: 3.80/4.00

Graduated May 2025

Relevant Coursework: Machine Learning, Data Mining, Database Systems, Computer Architecture, Operating Systems, Software Eng: Requirements, Software Eng: Design & Implmnt, Secure Web-Based Systems, Digital Systems & Design, Parallel Computing

Honors: UTEP Top Ten Senior (2025) | NCWIT Collegiate Award Finalist (2025) | SHPE STEM Poster Winner (2024) | Great Minds in STEM Scholar (2023 & 2024) | Grace Hopper Scholar (2023)

PROFESSIONAL EXPERIENCE

UTEP Institute for Applied AI Innovation

El Paso, TX

Full-Time Research Assistant

October 2025 – Present

- Engineered a funding intelligence platform in early validation against 412+ NIH Guide opportunities, scoring them across 39 UTEP department profiles to surface grant matches for faculty and innovation leads; roadmapped to expand coverage to 40 federal agencies and non-traditional funding opportunities.
- Conducted literature review and geographic analysis of El Paso's older adult population in collaboration with a team of three to inform AI Connect: Everyday Tools for Community Empowerment, defining AI literacy learning objectives and lesson sequences for community instruction.

UTEP Department of Computer Science

El Paso, TX

Student Engagement Assistant

Aug 2024 – May 2025

- Served as liaison between the CS Department and 12 student organizations; co-led logistics for the department's largest AI hackathon (150 participants, 2 sponsors) and coordinated events with Goldman Sachs, Bloomberg.
- Directed CyberPatriot outreach, coordinating schedules for ~8 instructors and managing certifications for all on-site personnel; represented the department at NCWIT school visits to promote CS pathways.

MIT — Earth, Atmospheric, and Planetary Sciences

Cambridge, MA

Full-Time Summer Research Intern

June 2024 – Aug 2024

- Trained and optimized CNN variants in PyTorch, tuning architectures, learning rates, and regularization, to improve ocean surface weather forecast accuracy under physical-law constraints.
- Integrated early-stage models into an HPC climate simulation pipeline; benchmarked runtime performance on Unix/Linux clusters.

Eaton — Thomas A. Edison Technical Center

Franksville, WI

Full-Time Software Quality Assurance Intern

May 2023 – Aug 2023

- Built a Python test automation framework using Appium and WinApp Driver for UI testing of ProView NXG switchgear controllers, replacing Test Complete and Test Execute and projecting ~\$45,000 in combined licensing savings.
- Integrated the framework into FALCON, Eaton's CI/CD pipeline for automated firmware build scheduling and test execution; attended monthly cross-functional syncs with Schema, Hardware, and Firmware Engineering teams to align on controller-level diagnostic validation.

W. M. Keck Center for 3D Innovation

El Paso, TX

Part-Time Undergraduate Research Assistant

Jan 2024 – May 2024

- Reverse-engineered a proprietary .ILT laser toolpath format and built a Python CLI tool that auto-generates 243 parametric sintering configurations from a CSV input, compressing a 2-week manual workflow to 54 seconds.
- Developed and executed unit and system tests validating decagon vector geometry across all 243 samples, ensuring precise toolpath sizing and eliminating manual error in laser experiment setup.

PROJECTS

Senior Capstone — Agile Software Development

El Paso, TX

Scrum Master

Jan 2025 – May 2025

- As Scrum Master, led a 4-person team through bi-weekly sprints with >90% goal completion rate, delivering a full-stack hotel booking platform (React + Vite, Node.js, Firebase) deployed to Firebase Hosting.

- Engineered core booking features including room-type management, seasonal pricing, a loyalty points system with auto-updating totals, Firebase Auth with admin and user roles, and automated email reminders and booking confirmations.

LEADERSHIP

Society of Hispanic Professional Engineers (SHPE/MAES) — UTEP Chapter

El Paso, TX

VP Internal Affairs & Webmaster Chair

May 2022 – May 2025

- Maintained chapter website (utepshpemaes.org); co-planned 6 general meetings and 15 workshops per semester for 320+ members. Led bilingual logistics for SHPE National Bootcamp, National Convention, and professional networking sessions with industry partners.
